

"A Cape Town based online product studio creating beautifully designed accessible bathroom solutions."

Vaniti House is a Cape Town based online product studio creating beautifully designed accessible bathroom solutions that prioritise both style and support. We specialise in accessible bathroom products that offer confidence, comfort and independence without the clinical look. Each collection is designed using quality materials and finished in a curated palette to blend seamlessly into modern and classic interiors. Our approach is simple, accessibility should feel natural, elegant and considered. With a focus on functionality, craftsmanship and timeless design, Vaniti House creates products that elevate everyday living and make bathrooms feel welcoming for everyone. We collaborate with architects, interior designers and developers to provide accessible bathroom solutions for residential, hotel, leisure and commercial spaces.
